### WHAT ARE THE BENEFITS?

**"Developing your Quantum Energy Field" means that you can create and take care of many more things in your life because your energy field is carrying Quantum Light Frequency.** This form of frequency creates great concentrations of energy to be held within your field. When developed, it creates great flow in your personal projects, extra power to be stored for when you need it, your energy to be clearer, and your manifestation to be clearer and completed in a shorter time.

Sri'ama Qala, through this 3 part series, will offer all of the understandings she has received during 14 years of training, research and development of Quantum Light Frequency within the Human Energy Field through visitations with the Enlightened Masters. You will also be guided how to develop the five important components of this field with specific master practises.

Sri'ama Qala has a deep, personal experience of this development for it is with her own Quantum Light Frequency Field that she has been able to write a 450 page book for publication in less than a month, and also travel, teach and create many High Frequency Retreats, Tours and Programs in Australia and throughout the world, successfully as an aspect of her World Mission.

## WHY ENROL IN THESE SPECIFIC CLASSES?

### **Discover The Five Ways To Creating Your Field To Receive Quantum Frequency and How To Care For and Develop Your Energy Field, Powerfully!**

The Quantum Field of the Human Being is based on five primary components. When a Soul learns to care for all of these five components, they can develop their Quantum Light Frequency and Field in a powerful way and transmit it clearly through their energy field.

It is the clear storage and expansion of this Quantum Light Frequency within a Soul's 22 Chakra System that creates expansive development of a Soul's Purpose, Consciousness and Presence. This Quantum Frequency Light Field can create many things for a Soul when large amounts of frequency are received clearly and stored within the chakras and the energy field, without leakage. It can make the very difference between a Soul wanting to be able to do something they are placing their time and energy into, and actually having the power and energy to be able to do it, and then accomplishing it. This will increase the power of your own field and therefore increase the flow of your personal creations deeply.

### **Create Extra Energy For Your Life!**

Learning how to receive Quantum Light Frequency can create many things for a Soul. When it is received clearly and it is stored within the chakras and the energy field without leakage, it gives you the ability to access extra bursts of powerful energy when your energy body's natural flow of energy is not yet replenished and you need the energy to continue with something you need to do or really want to do. If you tend to find yourself taking on too much in life, developing your Quantum Field would allow you to have all the extra bursts of power to accomplish your intentions, clearly.

### **Develop Your Divine Presence!**

One of the greatest purposes of developing a Quantum Light Frequency Field is to have an "empowered" clear energy body. Through an "empowered" clear energy body, the loving compassionate kindness of your Soul and the wisdom and creative intelligence of your Spirit, are always able to amalgamate and unite in your body as a Divine Presence. It can otherwise be a very difficult path of union. When this is the case, initiates on the spiritual path often move through many years of deep, learning curves before they are able to succeed in stabilising their energy bodies in everyday life.

### **Raise Your Vibrational Frequency and Move Forward In Life!**

The key is to learn to build the Quantum Light Frequency within one's field. Through this, you can enlighten and advance your energy field powerfully and quickly. As your frequency concentrates and raises, this mirrors into your outer life to accelerate many things in your life. When your energy field is substantially raised in its frequency, also many of your old issues can simply fall away from your life, allowing you to move forward in a way as if the old blockages or old consciousness you held, no longer exist. Once you learn how to build the frequency inside your energy field, and there is a storehouse of it in specific chakras, you can then be a transmitter of Divine Frequency to others to create powerful Healing Light Transmissions or transmit Divine Love. This all begins with the development of one's own energy field, and a deepening of one's clarity, energy, Presence and transmission of love, always advances this energy body development.

## WHO ARE THE PEOPLE THAT HAVE QUANTUM FREQUENCY ENERGY FIELDS IN OUR WORLD?

Living Masters and developed Spiritual Initiates all over the planet have a stabilised Quantum Frequency Energy Field. All of these people carry a spiritual power with them that is stored in this new form of energy field. Their energy fields have evolved by receiving Quantum Light Frequency and then through the transmission and expression of love, they have integrated this process.

These developed Spiritual Initiates and Living Masters have all developed their heart and field powerfully, allowing them to master specific initiations in their lifetime, creating the development of their Divine Presence on Earth. This development is also based on making use of a larger number of chakras than those which are generally held by humanity.

All Healers and Spiritual Initiates are also naturally working towards creating their energy field to develop deeply and bring more peace, love and light into their lives. With these Mastery Keys, you may be aided to be able to hold the frequency or concentration of Divine Energy in your chakras so your life initiations flow, so you may move through life challenges easier and more quickly, and you simply have more time for the positive process of creation of that which is most important to you.

### WHY DO SOME ON THE SPIRITUAL PATH HAVE DIFFICULTY WITH DEVELOPING THEIR FIELDS?

Often, Healers, Spiritual Initiates and Students of energy/consciousness only have some pieces of the puzzle through a partial understanding of the energy body, its development, clearing practises, meditations and activations. The five primary components of the Human Energy Body all need to be developed equally and regularly to develop a storehouse of Quantum Light Frequency in one's energy field. If the 5 components are not all focused upon equally in meditation practises, clearing, or other forms of spiritual practise, it can create the energy body to not always stabilise and hold its strength and anchor the love, light and power of one's Divine Presence.

### WHO ARE THESE CLASSES DESIGNED FOR?

This Sacred Work is designed for all on the Spiritual Path, Energy Workers and Healers, Sri'ama Qala's previous Students, or anyone who wishes to work with Quantum Light Frequency and the Human Energy Field. This may be for personal reasons, so as to have a powerful clear energy body for manifestation, creation, clear direction, or happiness in your life, or you may be guided to this as you wish to expand your knowledge and skills to be able to generate a stronger field and empower your transmissions of energy/frequency. The classes may be received via personal attendance with Sri'ama Qala in Byron Bay, or via global teleconference (tele-class) if you live elsewhere.

Sri'ama Qala highly recommends these particular classes to all on the path of Healing, Spirit and Presence so you will have the keys to building your frequency and power of love and light, easily and simply. During the tele-classes, she will also be teaching you to clear and activate your Quantum Field with "Enlightened Energy" sourced directly from the Enlightened Realms so you will have your own personal experiences of developing your frequency. With the Keys you receive, you can practise and develop your field, powerfully. Through this, everything in your life will flow with deeper clarity and love, as a reflection of your own energy.

### WHERE DOES THE SOURCE OF THESE TEACHINGS COME FROM?

Sri'ama Qala is an International Teacher, Author and Founder of the Divine University Project. The teachings she shares are sourced from her relationship with the Divine University, a library and education base held in the Enlightened Realms, and also sourced from over 4000 visitations she has received in the last 14 years from The Enlightened Masters. She is based in Byron Bay, Australia. In the last ten years, she has delivered teaching retreats/ tours or meditations/classes in USA, Canada, Mexico, Peru, Bolivia, India, England, France, Germany, Switzerland, Hungary, Turkey, Italy, Egypt, Bali, Australia and New Zealand.

Sri'ama Qala holds a very advanced understanding of The Energy Mechanics of the Human Energy Field and how Consciousness and Energy evolves from the relationship of a Soul with their Divine Presence, Light and Spirit, or from interaction with the Unified/Universal Field of Life. This relationship is based on the heart and the evolution of chakras, which can only take place if a Soul creates their energy field to be as clear as possible. Over the years,

she has delivered hundreds of unique teachings and practises to students worldwide, specifically regarding the development of consciousness and energy supporting the development of the energy field. She will deliver these specific new teachings, in a comprehensive yet simple form, so all can understand and be able to work with building their Quantum Light Frequency Field.

### IS THIS THE ONLY TIME THIS WORK WILL BE PRESENTED OR WILL THERE BE OTHER CLASSES?

Sri'ama Qala has been guided to present the full picture in regards to working with Quantum Light Frequency, for the first time in early 2011. These classes will only be offered once at this time as Sri'ama Qala is specifically a creator of new teachings and education so all classes or retreats are based on the presentation of new streams of education. This fundamental work ethic of not repeating her classes, always guides all that she offers from the Enlightened Realms.

Do not be concerned, for if you are unable to attend these classes, you may enrol and receive all of the recordings, and when you play them at a later date, you will receive the divine frequency and the powerful assistance from Sri'ama Qala's Presence and The Enlightened Masters as if you had attended the class in person.

### WHEN ARE THE LIVE AND TELECONFERENCE CLASSES TAKING PLACE?

You may receive these classes live in Byron Bay, from 9am to 6pm on Sunday March 13th, then Sunday March 27th and Sunday April 10th, or join her for these classes via global teleconference at the same time as this, in the comfort of your own home and in your own time zone.

On each of the 3 days, there will be 3 x 2 hour sessions that you may attend. If you are attending via global teleconference, there is a timetable below showing all of the session times.

You will also receive notification via email, explaining how you can receive the audio recordings for each session via Internet download, how to connect via the global teleconference, and the protocols for the tele-classes.

In Australia and New Zealand, the teleconference classes will be on the Sunday mornings and afternoons as the time zones do not change the date.

At 3pm we will have time for some questions or sharing.

Then from 3.30pm-5.30pm we will receive the last 2 hour session.

This service is offered to many countries of the world, but to be sure your country is included and can receive the tele-class via a call to a city nearby, you may simply contact [qpa@qalasriama.com](mailto:qpa@qalasriama.com) if there is a bridging line from your local city in your home country. USA, Canada, Australia, France, Hungary,
